UNION PUBLIC SERVICE COMMISSION

NOTICE

New Delhi, the 1st April 1961

No. F.30/5/60-E.I(B)—The Union Public Service Commission will hold a combined competitive examination commencing on 28th August 1961, at Allahabad, Bangalore, Bhopal, Bombay, Calcutta, Delhi, Hyderabad, Madras, Shillong and Trivandrum for recruitment of:

1. Junior Scientific Officer (Class II) in the Ministry of Defence,
2. Assistant Engineer (Class II Non-Gazetted) in the All India Radio, Ministry of Information and Broadcasting,
3. Technical Officer (Class I) and Assistant Technical Officer (Class II) in the Department of Civil Aviation, Ministry of Transport and Communications,
4. Deputy Engineer-in-Charge (Class I), Assistant Engineer (Class II) and Technical Assistant (Class II Non-Gazetted) in the Overseas Communications Service, Ministry of Transport and Communications, and

5. Engineer Class I) in the Wireless, Planning and Co-ordination Branch and Monitoring Organisation, Ministry of Transport and Communications.

The centres are liable to be changed at the discretion of the Commission. Candidates accepted for admission to the examination will be informed at what place, at what time and on what dates they should present themselves.

2. The number of vacancies to be filled on the results of this examination is as follows:—

1. Junior Scientific Officer (Class II) in the Ministry of Defence	10
2. Assistant Engineer (Class II Non-Gazetted) in the All India Radio, Ministry of Information and Broadcasting	111
3. Technical Officer (Class I), in the Civil Aviation Department, Ministry of Transport and Communications	4
4. Assistant Technical Officer (Class II) in the Civil Aviation Department, Ministry of Transport and Communications	3
5. Deputy Engineer-in-Charge (Class I) in the Overseas Communications Service, Ministry of Transport and Communications	1
6. Assistant Engineer (Class II) in the Overseas Communications Service, Ministry of Transport and Communications	4
7. Technical Assistant (Class II Non-Gazetted) in the Overseas Communications Service, Ministry of Transport and Communications	16
8. Engineer (Class I) in the Wireless, Planning and Co-ordination Branch and Monitoring Organisation, Ministry of Transport and Communications	1

The above numbers are liable to alteration.

The usual reservation will be made for candidates belonging to scheduled castes and scheduled tribes.

Scheduled Castes/Tribes mean any of the Castes/Tribes mentioned in the Scheduled Castes/Tribes Lists (Modification) Order, 1956, read with Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1956, the Constitution (Jammu and Kashmir) Scheduled Caste Order, 1956 and the Constitution (Andaman and Nicobar Islands) Scheduled Tribes Order, 1959.

3. A candidate seeking admission to the examination must apply to the Secretary, Union Public Service Commission, Dholpur House, D.H.Q., P.O. New Delhi-11, on the prescribed form of application which must reach the Commission on or before 22nd May, 1961, with the necessary documents. No application received after that date will be considered.

Applications from candidates residing abroad will, however, be accepted upto 5th June 1961, as a special case. (This is applicable to persons actually residing abroad at the time of submitting their applications).

4. Copies of application forms and full particulars are obtainable from the Secretary, Union Public Service Commission, Dholpur House, D.H.Q., P.O. New Delhi-11, on payment of a fee of Re. 1.00 which should be remitted to the Commission by Money Order stating the name of examination in respect of which the application forms are required. This amount will be refunded to those candidates whose claim to be displaced persons from Pakistan is accepted by the Commission on receipt of their applications.

THE REMAINING FEE SHOULD BE PAID EITHER BY TREASURY RECEIPT OR BY INDIAN POSTAL ORDERS WITH THE APPLICATION. EACH POSTAL ORDER SHOULD INVARIABLY BE CROSSED AND COMPLETED AS FOLLOWS: "PAY TO THE SECRETARY, UNION PUBLIC SERVICE COMMISSION AT NEW DELHI POST OFFICE.—(CROSSED)".

CANDIDATES MUST NOTE THAT IT IS NOT SAFE TO SEND POSTAL ORDERS WHICH ARE NEITHER CROSSED NOR MADE PAYABLE TO THE SECRETARY, UNION PUBLIC SERVICE COMMISSION AT NEW DELHI POST OFFICE. FULL PARTICULARS OF THE TREASURY RECEIPT OR POSTAL ORDERS AS THE CASE MAY BE SHOULD BE ENTERED AGAINST COLUMN 33 OF THE APPLICATION FORM.

NOTE—A CANDIDATE MAY APPLY FOR APPOINTMENT TO ALL OR ANY OF THE ABOVE POSTS. HE WILL BE CONSIDERED ONLY FOR THE POST(S) HE APPLIES FOR.

If he wishes to be admitted as a candidate for more than one post, he need send in only one application. He will be required to pay the fees mentioned in the Rules once only and will not be required to pay separate fees for each post for which he applies.

5. No allegation that an application form or a letter in respect of such a form has been lost or delayed in the post will be considered, unless the person making such an allegation produces a post office registration receipt. Candidates who send their applications or requests for forms at a late date will do so at their own risk.

6. All communications in respect of an application should be addressed to the Secretary, Union Public Service Commission, Dholpur House, D.H.Q., P.O. New Delhi-11, and should contain the following particulars:—

- Name of examination.
- Month and year of examination.
- Roll Number.
- Name of the candidate.
- Address as given in the application.

Communications not giving these particulars may not be attended to. In all correspondence with the Union Public Service Commission concerning this examination, candidates should invariably superscribe their envelopes and correspondence with the words "Engineering Services Examination (Electronics) 1961".

7. A candidate must be either—

- a citizen of India; or
- a subject of Sikkim; or
- a subject of Nepal or of a Portuguese or former French possession in India; or
- a person of Indian origin who has migrated from Pakistan with the intention of permanently settling in India.

NOTE 1—The appointment of candidates in categories (iii) and (iv) above will be subject to the issue of certificates of eligibility in their favour by the Government of India. The certificate of eligibility in respect of candidates belonging to category (iv) will be valid only for a period of one year from the date of his appointment beyond which he would be retained in service only if he has become a citizen of India. Certificates of eligibility will not, however, be necessary in the case of candidates belonging to any one of the following categories:—

- Persons who migrated to India from Pakistan before the 19th July 1948 and have ordinarily been residing in India since then.
- Persons who migrated to India from Pakistan after the 18th July 1948 and have got themselves registered as citizens of India under Article 6 of the Constitution.
- Non-citizens of categories (iii) and (iv) above who entered service under the Government of India before the commencement of the Constitution, viz., 26th January 1950, and who have continued in such service since then. Any such person who re-enter such service with break after the 26th January 1950, will, however, require certificate of eligibility in the usual way.

NOTE 2—A candidate in whose case a certificate of eligibility is necessary may be admitted to the examination and he may also be provisionally appointed subject to the necessary certificate being eventually issued in his favour by Government.

8. (a) No male candidate who has more than one wife living or who having a spouse living, marries in any case in which such marriage is void by reason of its taking place during the life time of such spouse, shall be eligible for appointment to any of the Services, appointments to which are made on the results of this competitive examination unless the Government of India after being satisfied that there are special grounds for doing so exempt any male candidate from the operation of this rule.

(b) No female candidate whose marriage is void by reasons of the husband having a wife living at the time of such marriage or who has married a person who has a wife living at the time of such marriage shall be eligible for appointment to any of the Services appointments to which are made on the results of this competitive examination unless the Government of India after being satisfied that there are special grounds for doing so, exempt any female candidate from the operation of this rule.

9. A candidate for this examination must have attained the age of 20 years and must not have attained the age of 25 years on the 1st August 1961. PROVIDED that the upper age limit of 25 years will be relaxed up to 30 years

in the case of Government servants applying for vacancies in their respective departments, who are either permanent or have been continuously in temporary service in the department for at least 3 years or who were within the above specified age limits on the date of their employment in the department, such relaxation being limited to three examinations only.

NOTE—The upper age limits prescribed above will be relaxable:—

(i) Upto a maximum of five years if a candidate belongs to a Scheduled Caste or a Scheduled Tribe.

(ii) Upto a maximum of three years if a candidate is a *bonafide* displaced person from Pakistan.

This concession will not however, be admissible to a candidate who has already appeared at five previous examinations or in the case of departmental employees at eight previous examinations.

(iii) Upto a maximum of eight years if a candidate belongs to a Scheduled Caste or a Scheduled Tribe and is also a *bonafide* displaced person from Pakistan.

This concession will not however, be admissible to a candidate who has already appeared at ten previous examinations or in the case of departmental employees at thirteen previous examinations.

(iv) Upto a maximum of three years if a candidate is a resident of the former French Settlements which have now become part of India and has been receiving his education through the medium of French.

(v) Upto a maximum of four years if a candidate belongs to the Andaman and Nicobar Islands.

SAVE AS PROVIDED ABOVE THE AGE LIMITS PRESCRIBED CAN IN NO CASE BE RELAXED.

DEPARTMENTAL CANDIDATES MUST OBTAIN PREVIOUS PERMISSION OF THE HEAD OF THE DEPARTMENT TO APPEAR FOR THE EXAMINATION.

As this is a combined examination a candidate who takes the examination once whether for vacancies in one or more departments will be considered to have taken one examination for vacancies in all departments mentioned in para. 1.

N.B.—Candidates who are admitted to the examination under the age concession mentioned in para. 9 above will not be eligible for appointment if after submitting the application they resign from service either before or after taking the examination. They will, however, continue to be eligible if they are retrenched from the service or post after submitting the applications.

10. A candidate must have—

(a) obtained a degree in Engineering from a university incorporated by an Act of the Central or of a State Legislature in India; or

(b) passed Sections A and B of the Associate Membership Examination of the Institution of Engineers (India) or have any other educational qualifications recognised by that institution as exempting from passing these Sections; or

(c) obtained an Engineering Degree of one of the universities mentioned in Appendix I under the conditions prescribed in that Appendix; or

(d) passed the Honours Diploma Examination in Civil Mechanical or Electrical Engineering of the Loughborough College, Leicestershire, provided the candidate has passed the common preliminary examination or has been exempted therefrom; or

(e) obtained the B.E. (Tele-communications) degree awarded by an Indian University; or

(f) passed the Graduate Membership Examination of the Institution of Tele-communication Engineers (India); or

(g) Master's or equivalent Honours Degree with Wireless Communication, Electronics, Radio Physics, Radio Engineering or allied subjects.

NOTE 1—In exceptional cases the Commission may treat as qualified candidate, a candidate who though he has not all or any of the qualifications prescribed in this rule, has passed examinations conducted by other Institutions of a standard which in the opinion of the Commission justifies his admission to the examination.

NOTE 2—Candidates who have appeared at an examination the passing of which would render them eligible to appear at this examination, but have not been informed of the result, may apply for admission to the examination. Candidates who intend to appear at such a qualifying examination may also apply provided that the qualifying examination is completed before the commencement of this examination. Their applications will be accepted provisionally and they will be required to furnish proof of having passed the examination as soon as possible and in any case not later than two months from the commencement of the examination.

11. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

12. A candidate found guilty of impersonation or of submitting fabricated documents or documents which have been tampered with or of making statements which are incorrect or false or suppressing material information or of using or attempting to use unfair means in the examination hall or otherwise resorting to any other irregular or improper means for obtaining admission to the examination may, in addition to rendering himself liable to a criminal prosecution, be debarred either permanently or for a specified period—

(a) by the Commission from admission to any examination or appearance at any interview held by the Commission for selection of candidates; and

(b) by the Central Government from employment under the Government.

13. No recommendation except those required in the application form shall be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

14. Examination under these rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these Rules.

15. Candidates must pay such examination fees as are prescribed in Appendix III. No claim for a refund of any of these fees will be entertained, nor can they be held in reserve for any other examination or selection.

16. (a) After every examination, the Commission shall make a list of the candidates in order of their merit as disclosed by the aggregate marks finally awarded to each candidate, and in that order so many candidates upto the number of unreserved vacancies as are found by the Commission to be qualified by the examination and are considered by Government or the appointing authority, as the case may be, to be suitable in all other respects, shall be appointed.

(b) Appointments to vacancies to be filled by members of a particular community or communities shall be made by Government or the appointing authority as the case may be, in the order of merit of the candidates belonging to the particular community or communities, provided they have qualified in the examination and are in all respects suitable for employment in the service.

(c) Success in the examination confers no right to an appointment unless Government are satisfied, after such an enquiry as may be considered necessary that the candidate is suitable in all respects for appointment to the public service.

NOTE—The form and manner of communication of the result of the examination to individual candidates shall be decided by the Commission in their discretion.

17. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the service. A candidate who (after such physical examination as Government or the appointing authority, as the case may be, may prescribe) is found not to satisfy those requirements will not be appointed. Only candidates who are likely to be considered for appointment will be physically examined.

In order to prevent disappointment candidates are advised to have themselves examined by a Government Medical Officer of the standing of a Civil Surgeon, before applying for admission to the examination. Particulars of the nature of the medical test to which candidates will be subjected before appointment to Gazetted posts and of the standards required are given in Appendix V.

18. Probationers will be required to pass a test in Hindi before confirmation.

HARISH CHANDRA
Deputy Secretary

APPENDIX I

List of University degrees which will be recognised for admission to the examination.

Aberdeen—B.Sc. Engineering (Honours or Ordinary degree).

Cambridge—Ordinary B.A. degree in engineering provided the graduate has passed in the principal subjects, Engineering I, Engineering II and Engineering III.

Durham—B.Sc. in Marine Engineering.

Glasgow—B.Sc. in Naval Architecture (Honours or Ordinary degree).

NOTE—The above degrees will be accepted only if taken after three years' study and passing the regular examinations in the several Universities. The conditions as to three years' study will not, however, apply to Indians who, having taken an Indian degree which exempts them from part of the University course, shall have taken one of the above degrees in less than three years in accordance with regulations of the University concerned.

APPENDIX II

1. The examination shall be conducted according to the following plan:—

Part I—Compulsory and optional papers as shown below.

Part II—Personality Test carrying a maximum of 200 marks for such candidates as may be called by the Union Public Service Commission.

2. The following will be the subjects for the written examination:

A. Compulsory:

Subject	Duration	Maximum Marks
	hrs.	
(i) English Essay	1½	50
(ii) General English	1½	50
(iii) General Knowledge & Current Affairs	1½	50
(iv) History of Science	1½	50
(v) Radio Physics	3	100
(vi) Electronic Components	3	100
(vii) Applied Electronic Circuits	3	100
(viii) Electrical & Mechanical Engineering	3	100
(60 marks for Electrical Engineering and 40 marks for Mechanical Engineering)		

B. Optional any two of the following subjects:

(i) Acoustics Engineering	3	100
(ii) Transmission Lines and Net Works	3	100
(iii) Antenna & Wave Propagation	3	100
(iv) Mathematics	3	100
(v) Radar and Micro Waves Engineering including Radio Aids to Navigation	3	100
(vi) Broadcasting and Television Systems	3	100

N.B.—Candidates applying for the posts of Junior Scientific Officer in the Ministry of Defence must offer "Radar and Micro Waves Engineering including Radio Aids to Navigation" as one of the optional subjects.

3. All papers must be answered in English.

4. Candidates must write the papers in their own hand. In no circumstances will they be allowed the help of a scribe to write answers for them.

5. The standard and syllabus of the examination will be such as the Commission shall prescribe (*vide* schedule annexed).

6. The Commission have discretion to fix qualifying marks in any or all the subjects of the examination.

7. The Commission will summon at their discretion only those candidates whom they will consider suitable for interview for Personality Test.

8. Special attention will be paid in the Personality Test to assessing the candidates' capacity for leadership, initiative and curiosity, tact and other social qualities, mental and physical energy, powers of practical application and integrity of character.

9. From the marks assigned to candidates in each subject such deductions will be made as the Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

10. Deductions up to 5 per cent of the maximum marks for the written subjects will be made for illegible handwriting.

11. Credit will be given for good English—Orderly, effective and exact expression and due economy of words in all subjects of the examination.

Schedule to Appendix II

Standard and syllabus

The standard of papers in English Essay, General English, General Knowledge and Current Affairs and History of Science will be such as may be expected of an Engineering/Science graduate. There will be no practical examination in any of the subjects.

The papers in Radio Physics, Electronic Components, Applied Electronic Circuits and Electrical and Mechanical Engineering will be of the degree standard for Engineering of Indian universities and questions will be framed to test the candidates' grasp of fundamentals in each subject.

The standard of optional papers will require detailed knowledge as applicable to Engineering problems.

1. *English Essay*—An essay to be written in English on one of several subjects.

2. *General English*—Questions to test the candidate's understanding of and power to write English Passages will usually be set for summary or precis.

3. *General Knowledge and Current Affairs*—The paper will include questions to test knowledge of current events and of matters of every day observation and experience. The paper will also include questions on Indian History and Geography.

4. *History of Science*—History of the evolution and growth of science. Great scientists and their contribution to science.

5. *Radio Physics*—Magnetism; Definitions and units; Magnetic in induction; hysteresis; magnetic circuits.

Electricity; units; di-electrics; charges; alternating and direct current circuits; circuits containing resistance; inductance and capacitance; resonance; effects of Q on selectivity; current, voltage and power relations.

Tuned and untuned amplifiers; oscillators; frequency stability; frequency multipliers and harmonic generators; modulators.

Principles of reception, diversity reception; superhetrodyne receivers.

Radio telegraph, radio telephone communication and broadcasting systems; wave-length and power considerations; signal to noise ratio requirements; principles of wave propagation and transmission. Aerials, feeders and matching devices.

Principles of amplitude modulation, frequency modulation and phase modulation, and their application in communication systems.

Speech and hearing—articulation; basic principles of acoustics.

6. *Electronic components and materials*—Registers, capacitors, inductors and transformers—their characteristics, performance and applications.

Electronic tubes, including special purpose tubes,—their performance and typical applications.

Semi-conductors devices; principles of rectifiers and transistors photo-sensitive devices.

Piezo-Electric materials.

Insulating and material wires; printed circuits.

Magnetic materials; permanent magnets; soft magnetic materials.

Relays.

7. *Applied Electronic Circuits*—Circuit principles involved in the following:—

Vacuum tube amplifiers, typical circuits for different applications; feed back; broadband amplifiers; D. C. amplifiers.

Transistor amplifiers, typical circuits; design for temperature stabilisation.

Low and high frequency oscillators, Conventional circuits; relaxation oscillators; frequency multipliers and dividers; frequency stabilization.

Pulse and sweep circuits, counting circuits.

Modulators and detectors; typical circuits for amplitude, frequency and phase modulation.

Power supply systems for electronic equipments—rectifiers, filters, voltage regulated power supplies.

Industrial electronic circuits for induction heating, welding and speed control of electric meters.

Typical circuits used in television receivers.

8. *Electrical and Mechanical Engineering.*

(a) *Electrical Engineering*—D. C. motors and generators—their characteristics and general features; motor starters.

Primary and secondary cells.

A.C. circuits; power factor; transformers, alternators, synchrotrons and induction motors; starting devices.

Rectifiers and rotary convertors.

Electrical instruments and measurements—measurement of voltage, current and power in D.C. and A.C. circuits; different types of instruments and their characteristics. Typical bridges.

(b) *Mechanical Engineering*—Properties and strength of materials—stress and strains in tension, compression and shear; Hooke's Law; elastic constants; bending moments and shears forces in beams.

Internal combustion engines—major component units and principles of working.

Simple machine tools and their uses.

Transmission of power—belt and gear drive; direct couplings; bearings.

Laws of friction, Lubricants and lubricating systems.

Ferrous and non-ferrous materials—their properties.

9. *Acoustics and Audio Engineerings.*

Sound; wave equation; vibrating systems; sound transmission; electro-mechani-acoustical circuits and filters.

Room acoustics; sound absorption and insulation; reverberation; design of broadcasting studios.

Transducers; microphones, loudspeakers, design characteristics, measurement and calibration.

Noise control, sound insulation; measurements.

Hearing and speech: psycho-acoustic criteria; audiometric measurements. High fidelity systems. Disc, magnetic and film recording, and play back systems.

10. *Transmission Lines and Networks.*

Two terminal networks: Combinations of R.L. & C.; Impedance of a transformer-equivalent networks; Analysis and Synthesis of two terminal networks.

Four terminal networks; Linear parameters—image and iterative parameters; Terminations; Loss factors; Insertion losses. Tandem connections reflection and interaction losses. Attenuating pads of the T and H types—Lattice and bridged T networks. Constant resistance recurrence networks—Equalisers.

Wave filters: Conditions for pass and attenuation bands. Principles of filter design based on image parameters. Constant K and M derived filter sections. Low pass, high pass and band pass filters (of 3, 4, 5 and 6 element types). Composite and complementary filters. Paralleling of filters. Effects of dissipation and termination. Frequency and impedance normalisation. Transformations of designs from low pass to high pass and band pass filters. Elementary principles in the design of electric wave filters.

Properties of electrical line: Quantitative values of R.L.C. of electrical lines; Transmission line equations—attenuation and phase shift. Reflections in transmission lines: equations for a line with any termination. Reflection losses and reflection factor. Standing waves. Impedance of lines with total and partial reflection—circle diagram.

Low frequency transmission lines; characteristics: Distortion for telegraph and telephone working—loading.

High frequency transmission lines; Characteristics—open wire and concentric feeders; Transmission line as impedance elements; Resonant lines—Matching of H.F. lines.

11. *Antenna and wave propagation.*

Electro-magnetic equation, radiation of electromagnetic waves, field intensity.

Radiation patterns; directive systems; gain of antennas, practical design of directive antennas for long, medium, short wave and very high frequency. Receiving antenna systems.

Antennas for direction finding.

Radio frequency transmission lines, coupling networks, matching of transmission lines, practical design of feeder lines and switching systems.

Propagation—ground, tropospheric and ionospheric atmospherics and noise.

Measurements of field strength.

12. *Mathematics.*

Fundamental Concepts.

Functions—Average Rates—Limits.

Basic Operations

Derivatives—Differentials—Higher Derivatives—Maxima and Minima—Integrals—Definite Integrals.

Further Operations.

Integration Techniques—Double Integrals.

Infinite Series.

Definitions—The Geometric Series—Convergent and Divergent Series—General Theorems—The Comparison Test—Cauchy's Integral Test—Cauchy's Ratio Test—Alternating Series—Absolute Convergence—Power Series—Theorems Regarding Power Series—Series of Functions and Uniform Convergence—Integration and Differentiation of Series—Taylor's Series—Symbolic form of Taylor's Series—Evaluation of Integrals by Means of Power Series—Approximate Formulas derived from Maclaurin's Series—Use of Series for the Computation of Functions—Evaluation of a Function Taking on an Indeterminate Form.

Complex Numbers.

Introduction—Complex Numbers—Rules for the Manipulation of Complex Numbers—Graphical Representation and Trigonometric Form—Powers and Roots—Exponential and Trigonometric Functions—The Hyperbolic Functions The Logarithmic Function—The Inverse Hyperbolic and Trigonometric Functions.

Mathematical Representation of Periodic Phenomena.

Fourier Series, and the Fourier Integral.

Introduction—Simple Harmonic Vibrations—Representation of More Complicated Periodic Phenomena, Fouriers Series—Examples of Fourier Expansions of Functions—Some Remarks about Convergence of Fourier Series—Effective Values and the Average of a Product—Modulated Vibrations and Beats—The Propagation of Periodic Disturbances in the Form of Waves—The Fourier Integral.

Linear Algebraic Equations. Determinants and Matrices.

Simple Determinants—Fundamental Definitions—The Laplace Expansion—Fundamental Properties of Determinants—The Evaluation of Numerical Determinants—Definition of a Matrix—Special Matrices—equality of Matrices, Addition and subtraction—Multiplication of Matrices—Matrix Division, the Inverse Matrix—The Reversal Law in Transposed and Reciprocated Products—Properties of Diagonal and Unit Matrices—Matrices Partitioned into Submatrices—Matrices of Special Types—The Solution of n Linear Equations in Unknowns.

Linear Differential Equations with Constant Coefficients.

The Reduced Equation, the Complementary Function—Properties of the Operator $Ln(D)$ —The Method of Undetermined Coefficients—The Simple Direct Laplace—Transform, or Operational, Method of Solving Linear Differential Equations with Constant Coefficients—The Direct Computation of Transforms—Systems of Linear Differential Equations with constant Coefficients.

Laplace Transforms of Use in the solution of Differential Equations.

Notation—Basic Theorems.

Oscillations of Linear Lumped Electrical Circuits.

Electrical—Circuit Principles—Energy Considerations—Analysis of General Series Circuit—Discharge and charge of a Capacitor—Circuit with Mutual Inductance—Circuits coupled by a Capacitor—The effect of Finite Potential Pulses—Analysis of the General Network—The Steady-state Solution—Four-terminal Networks in the Alternating Current Steady State—The Transmission Line as a Four-terminal Network.

Partial Differentiation

Partial Derivatives—The Symbolic Form of Taylor's Expansion—Differentiation of Composite Functions—Change of Variables—The First differential—Differentiation of Implicit Functions—Maxima and Minima—Differentiation of a Definite Integral—Integration under the Integral Sign—Evaluation of Certain Definite Integrals—The Elements of the Calculus of Variations—Summary of Fundamental Formulas of the Calculus of Variations—Hamilton's Principle, Lagrange's Equations—Variational Problems with Accessory Conditions: Isoperimetric problems.

Vector Analysis

The Concept of a Vector—Addition and Subtraction of Vectors. Multiplication of a Vector by a Scalar—The Scalar Product of two Vectors—The Vector Product of Two Vectors—Multiple Products—Differentiation of a Vector with respect to Time—The Gradient—The Divergence and Gauss's Theorem—The Curl of a Vector Field and Stokes's Theorem—Successive Application of the Operator—Orthogonal Curvilinear Coordinates—Application to Hydrodynamics—The equation of Heat Flow in Solids—The Gravitational Potential—Maxwell's Equations—The Wave Equation—The Skin-effect—or Diffusion, Equation—Tensors (Qualitative Introduction)—Coordinate Transformations, Scalars, Contravariant Vectors, Covariant Vectors—Addition, Multiplication and contraction of Tensors—Associated Tensors—Differentiation of an Invariant—Differentiation of Tensors; The Christoffel Symbols—Intrinsic and Covariant Derivatives of Tensors of Higher Order—Application of Tensor Analysis to the Dynamics of a Particle.

Elements of the Theory of the Complex Variable

General Functions of a Complex Variable—The Derivative and the Cauchy—Riemann Differential Equations—Line Integrals of Complex Functions—Cauchy's Integral Theorem—Cauchy's Integral Formula—Taylor's Series—Laurent's Series—Residues—Cauchy's Residue Theorem—Singular Points of an Analytic Function—The Point at Infinity—Evaluation of Residues—Liouville's Theorem—Evaluation of Definite Integrals—Jordan's Lemma—Integrals Involving Multiple-Valued Functions.

Operational and Transform Methods

The Fourier—Mellin Theorem—The Fundamental Rules—Calculation of Direct Transforms—Calculation of Inverse Transforms—The Modified Integral—Impulsive Functions—Application of the Operational Calculus to the Solution of Partial Differential Equations—Evaluation of Integrals—Application of the Laplace Transform to the Solution of Linear Integral Equations—Solution of Ordinary Differential Equations with Variable Coefficients—The Summation of Fourier Series by the Laplace Transform.

13. Radar and Micro-waves Engineering including Radio Aids to Navigation.

Principles; resolution, accuracy and coverage; radar range equation, radar frequencies and various types of radar equipment.

Pulse circuits and networks; strobos and gating circuits. Various types of presentations and connected circuitry. Modulators and their theory.

Radar receiving circuits.

Various types of radar antenna and feed systems, reflector and their design. Microwave plumbing: Wave guides, modes of transmission, impedance matching, choke joints, direction couplers, TR devices.

VHF triode oscillator, klystrons, magnetrons, travelling wave tubes, efficiency diagrams. Principles and Characteristics of air-borne & ground based radar systems. Principles of direction finding.

Principles of navigational systems such as Loran, Decca, Doppler.

*Principles of Electronic Altimeters.**14. Broadcasting and Television Engineering.*

Broadcasting on long, medium and short waves and V.H.F.: coverages, field strength, noise and interference; ground wave propagation, sky wave propagation; fading phenomenon.

Studio and auditorium; design with regard to noise level, reverberation, sound level and sound distribution, ventilation and illumination.

Studio and Control room equipment; microphones—design considerations from output, impedance, sound level, directivity, noise and fidelity. Choice of microphones. Chain in the audio link from microphone to transmitter—special feature and design considerations. Recording and play back.

Broadcasting transmitters: requirements for broadcast; modulators, amplifiers and power supply systems.

Design of superheterodyne receiving circuits. Use of transistors in broadcast receivers.

Frequency modulation in broadcasting.

Television circuits in cameras, transmitters and receivers; picture standards; typical transmitters and receivers; lighting and studio equipment.

APPENDIX III

FEES:

Candidates seeking admission to the examination must pay the following fee:—

(a) To the Commission:

- (i) Re. 1 when asking for application form and connected documents.

This amount should be paid to the Commission by Money Order. Local candidates, however, may pay cash at the counter. The Commission will not accept payment made otherwise.

- (ii) Rs. 49.00 (Rs. 11.50 in the case of candidates belonging to Scheduled Castes and Scheduled Tribes) with the completed application form.

This amount should be paid by means of Treasury Receipt or CROSSED Indian Postal Orders payable to Secretary, Union Public Service Commission. The Commission will not accept payment made otherwise.

(b) To the Medical Board:

Rs. 16 before examination by a Medical Board, if selected for appointment.

This amount should be paid in cash to the Medical Boards concerned at the time of the Medical examination.

2. Once an application has been considered by the Commission and the decision communicated to the candidate no claim from the candidate for a refund of the fee paid by him to the Commission will be entertained nor can this fee be held in reserve for any other examination or selection. If, however, a candidate is not admitted to the examination by the Commission, a refund of Rs. 42.50 (Rs. 10.62 in the case of candidates belonging to Scheduled Castes and Scheduled Tribes) will be made to him.

3. The Commission may at their discretion remit the prescribed fee where they are satisfied that the applicant is a bona fide displaced person from Pakistan and is not in a position to pay the prescribed fee. The fee of Re. 1, however, must be paid even by a displaced person when asking the Commission for form and this amount will be refundable to him if on receipt of his application his claim to be a displaced person is accepted by the Commission and his fee is remitted.

APPENDIX IV

Brief particulars relating to the posts for which recruitment is being made through this examination.

1. Junior Scientific Officer, (Class II) in the Ministry of Defence—

- (a) Appointments will be made on probation for a period of 2 years.

- (b) The Government of India shall be entitled to terminate the engagement of an officer, after giving him due notice, in case the quality or quantity of scientific work of the officer shows continued deterioration or is otherwise unsatisfactory.

- (c) The pay and allowances, leave, pension, retirement, gratuity, discipline etc. of the officers shall be subject to the same conditions of service as are applicable to Gazetted Officers (Civilians) of corresponding status paid from the Defence Services Estimates, except where any special orders in respect of the Defence Science Service are issued by the Government.

- (d) Scale of pay—Rs. 350—25—500—30—590—EB—30—800—EB—30—830—35—900.

2. Assistant Engineer (Class II—Non-Gazetted) in the All India Radio, Ministry of Information and Broadcasting.

- (a) Appointments will be made on probation for a period of one year.

- (b) An officer appointed to the post, will be liable to serve anywhere in India and also will be liable to transfer, at any time, to serve under a public corporation and on such transfer, he will be liable to be governed by the condition of service laid down for employees of the Corporation.
- (c) The Government can terminate the appointment of an officer in the following events, without giving any notice—(i) during or at the end of the period of probation, (ii) for insubordination, intemperance, misconduct or breach or non-performance of any of the provisions of the rules pertaining to the service for the time being in force, (iii) if he is found medically unfit and is likely for considerable period to continue to be so unfit by reasons of ill health for the discharge of his duties.

In case of temporary appointments, the service of the officer can be terminated at any time without assigning any reason by giving one month's notice on either side.

- (d) Scale of pay—Rs. 350—25—500—30—590—EB—30—800—EB—30—830—35—900.

The above Scale is liable to revision.

3. Technical Officer (Class I) and Assistant Technical Officer (Class II) in the Civil Aviation Department, Ministry of Transport and Communications.

- (a) Candidates selected for appointment will be appointed as probationers for a period of 2 years during which they will undergo practical training in accordance with the programme of training that may be prescribed from time to time. Those who are favourably reported upon and have passed any Departmental examination or examinations that may be prescribed will be appointed as temporary Technical Officer/Assistant Technical Officer. They will be considered for confirmation in the grade of Technical Officer/Assistant Technical Officer as and when permanent posts for their confirmation become available.
- (b) If in the opinion of Government the work or conduct of an officer on probation is unsatisfactory, or shows that he is unlikely to become efficient, Government may discharge him forthwith.
- (c) On the conclusion of his period of probation, Government may confirm the officer in his appointment, or if his work or conduct has in the opinion of Government been unsatisfactory, Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.
- (d) If no action is taken by Government, under sub-rule (b) or (c) of this rule, the period after the prescribed period of probation shall be treated as an engagement from month to month, terminable on either side, on the expiration of one calendar month's notice in writing.
- (e) If the power to make appointments in the Service is delegated by Government to any officer, that officer may exercise any of the powers of Government under this rule.
- (f) Officers recruited under these rules shall be eligible for leave, increment and pension in accordance with the rules for the time being in force and applicable to officers of the Central Government. They will also be eligible to join the Central Provident Fund in accordance with the rules regulating that Fund.
- (g) These officers shall be liable for transfer anywhere in India and for Field Service in and outside India during an emergency. They can also be asked to take up duties on board an aircraft in flight.
- (h) The relative seniority of officers appointed through the Engineering Services Examination (Electronics) will ordinarily be determined by the order of their merit in the Examination. Government of India, however, reserve the right of fixing the seniority at their discretion in individual cases.
- (i) The scales of pay for the posts of Technical Officer/Assistant Technical Officer in the Civil Aviation Department is given below:

1. Technical Officer (Class I)—Rs. 400—400—450—30—600—35—670—EB—35—950.
2. Asstt. Tech. Officer (Class II)—Rs. 350—25—500—30—590—EB—30—800—EB—30—830—35—900.

- (j) Promotions of Technical Officers/Assistant Technical Officers to the grade of Senior Technical Officer/Technical Officer respectively are dependent on the occurrence of vacancies in the latter grades and will be made on the basis of seniority-cum-fitness.

- (k) These conditions of service are subject to revision according to the requirements of service. Candidates will not be entitled to any compensation if they are adversely affected by any changes in the conditions of service which may be introduced later on.

4. Deputy Engineer-in-Charge (Class I), Assistant Engineer (Class II) and Technical Assistant (Class II—Non-Gazetted) in the Overseas Communications Service, Ministry of Transport and Communications.

- (a) Candidates selected for appointment as Assistant Engineers will be appointed on probation for a minimum period of 6 months which may be extended, if necessary.

- (b) Candidates selected for appointment as Technical Assistants will be appointed as apprentices for a minimum period of 6 months.

On successful completion of apprenticeship, they will be required to execute a bond in the prescribed form requiring them to serve the Overseas Communications Service for a minimum period of three years after their appointment as regular Technical Assistants.

- (c) An officer appointed as Assistant Engineer/Technical Assistant will be liable to serve anywhere in India.

- (d) In case of temporary appointment to the posts of Assistant Engineers, apart from the conditions laid down in the bond which an officer may be required to execute, his service will be terminable by giving one month's notice on either side. It is however, left to the Department to terminate the service of a temporary employee by giving one month's pay and allowance in lieu of notice but the officer has no such option.

- (e) Scales of pay—

1. Technical Assistant—Rs. 325—15—475—EB—20—575.
2. Assistant Engineer—Rs. 350—25—500—30—590—EB—30—800—EB—30—830—35—900.
3. Dy.-Engineer-in-Charge—Rs. 400—400—450—30—600—35—670—EB—35—950.

- (f) Prospects of promotion to higher grades:

1. Technical Assistants—Technical Assistants who have a minimum of three years' service in that grade are eligible for consideration for promotion to the grade of Assistant Engineer in the Overseas Communications Service in the scale of Rs. 350—25—500—30—590—EB—30—800—EB—30—830—35—900 on the basis of selection by merit against 50 per cent vacancies reserved for departmental promotion.

2. Assistant Engineers—All Assistant Engineers are eligible for promotion to the grade of Deputy Engineer-in-Charge in the scale of Rs. 400—400—450—30—600—35—670—EB—35—950 by selection on merit.

3. Deputy Engineers—The incumbent of the post of Deputy Engineer-in-Charge is eligible for promotion to the post of Engineer-in-Charge (Scale Rs. 700—40—1,100—50/2—1,250) in the O.C.S. on the successful completion of the period of probation, which will be two years. The promotion to the grade of Engineer-in-Charge will be on the basis of selection on the recommendations of the D.P.C. as constituted for the post.

Note—The remaining conditions of service such as leave, travelling allowance on transfer/tour, joining time/joining time pay, medical facilities, travel concession, pension and gratuity, control and discipline and conduct, etc., will be as applicable to other Central Government employees of similar status.

5. Engineers (Class I) in the Wireless, Planning and Co-ordination Branch and Monitoring Organisation, Ministry of Transport and Communications.

- (a) Scale of pay—Rs. 400—400—450—30—600—35—670—EB—35—950.

(b) The incumbent of the post of Engineer is eligible for promotion against 50 per cent of the vacancies in the grade of Assistant Director/Engineer-in-Charge in the Wireless, Planning and Co-ordination Branch and Monitoring Organisation (Scale or pay of Rs. 600—40—1,000—1,000—1,050—1,050—1,100—1,100—1,150 plus Rs. 100 as special pay for the post of Assistant Director only). Promotion to the grade of Assistant Director/Engineer-in-Charge will be on the basis of selection on the recommendations of the Departmental Promotion Committee as constituted for Class I posts.

APPENDIX V

REGULATIONS RELATING TO THE PHYSICAL EXAMINATION OF CANDIDATES

(These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Government of India reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, on the report of the Medical Board, to be physically disqualified and that their discretion is in no respect limited by these regulations. These regulations are intended merely for the guidance of Medical Examiner and are not meant to restrict their discretion in any way).

1. To be passed as fit for appointment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. (a) In the matter of the correlation of age, height and chest girth of candidates of Indian (including Anglo-Indian) race, it is left to Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth, the candidate should be hospitalised for investigation and X-Ray of the chest taken before the candidate is declared fit or not fit by the Board.

(b) However, for certain, services the minimum standards for height and chest girth, without which candidates cannot be accepted, are as follows:—

Height Chest girth Expansion
(fully expanded).

Class I and Class II posts in
the Engineering Branch of the
Overseas Communication Service.

5 ft. 33 inches 2 inches.

The maximum height prescribed is relaxable in case of candidates belonging to races such as Gorkhas, Garhwalis, Assamese Tribals, etc., whose average height is distinctly lower.

3. The candidate's height will be measured as follows:—

He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or other sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard: the chin will be depressed to bring the vertex of the head level under the horizontal bar and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted, and the minimum and maximum will then be recorded in inches, 33—35, 34—36½, etc. In recording the measurements, fractions of less than ¼ inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds; fractions of a pound should not be noted.

6. The candidate's eyesight will be tested in accordance with the following rules. The result of each test will be recorded:—

(i) *General*—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any squint or morbid conditions of eyes, eye-lids or contiguous structures of such a sort as to render or are likely at a future date to render him unfit for service.

(ii) *Visual Acuity*—The examination for determining the acuteness of vision includes two tests, one for distant, the other for near vision. Each eye will be examined separately.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidates shall, however be recorded by the Medical Board or other medical authority in every case, as it will furnish the basic information in regard to the condition of the eye.

No candidate will be accepted for appointment to the post of Junior Scientific Officer in the Ministry of Defence whose Visual Acuity falls below the following standards:—

	Better eye	Worse eye
Distant Vision without glasses	*6/24	*6/24
Corrected with glasses	6/6	6/12
Manifest Hypermetropia	1.5	1.5
Near Vision with or without glasses	0.8	1

*Temporarily lowered to 6/60.

(a) Each eye will be examined separately and the lids must be kept wide open during the test.

(b) Inability to distinguish the principal colours will not be regarded as a cause for rejection but the fact will be noted in the proceedings and the candidates will be informed.

(c) Each eye must have a full field of vision as tested by hand movements.

(iii) The degree of acuteness of vision of all candidates for appointment will be entered in the proceedings in the following manner:—

V.R.....with glasses..... Reads.....;

V.L.....with glasses..... Reads.....;

(iv) In cases of serious abnormality the opinion of an ophthalmic specialist should be obtained.

NOTE I—Snellen's test types will be used for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses at any distance selected by a candidate.

NOTE II—No candidate will be accepted for appointment if his vision does not come up to the requirements specified above without the use of contact glasses. (A contact glass or lens is defined as a glass-shell, the concavity of which is in contact with the globe of the eye, a layer of liquid being interposed between the lens and the cornea. The meaning of the word 'glasses' wherever used above is to be interpreted as not covering contact glasses).

The standards for distant and near vision with or without glasses for posts other than the Junior Scientific Officer in the Ministry of Defence shall be as follows:—

	Distant vision Better eye	Worse eye	Near vision Better eye	Worse eye
1. Technical Officers/Assistant Technical Officers in the Civil Aviation Department, Engineers in the Wireless, Planning and Coordination Branch and Monitoring Organisation.	6/9	6/9 Or 6/12	0.6	0.8
2. Deputy Engineer-in-charge (Class I) Assistant Engineer/Technical Assistants in the Overseas Communications Service	6/9	6/9 Or 6/12	0.6	0.8

NOTE (1)—In respect of services mentioned at 2 above.

Total amount of Myopia (including the cylinder) shall not exceed —4.OOD. Total amount of Hypermetropia (including the cylinder) shall not exceed +4.OOD.

NOTE (2)—In respect of services mentioned at 1 above.

(a) For candidates upto the age of 20 years—Total amount of Myopia shall not exceed —6.00D. Total amount of hypermetropia shall not exceed +6.00D.

(b) For candidates above the age of 20 years—Total amount of Myopia shall not exceed —8.00D. Total hypermetropia shall not exceed +6.00D.

NOTE (3)—Fundus Examination—Wherever possible fundus examination will be carried out at the discretion of the Medical Board and results recorded.

NOTE (4)—Colour Vision—(i) The testing of colour vision shall be essential in respect of services mentioned at 2 above.

(ii) Colour perception should be graded into a higher and a lower grade depending upon the size of the aperture in the lantern as described in the table below:—

Grade	Higher Grade of colour perception	Lower Grade of colour perception
1. Distance between the lamp and candidates	16'	16'
2. Size of aperture	1.3 mm	13 mm.
3. Time of exposure	5 sec.	5 sec.

For the services concerned with the safety of the Public, e.g., pilots, drivers, guards, etc., the higher grade of colour vision is essential but for other the lower grade of colour vision should be considered sufficient. The same standards of colour vision should be applicable in respect of all Engineering personnel in whose case colour perception is considered essential irrespective of the fact whether their duties involve field work or not.

(iii) Satisfactory colour vision constitutes recognition with ease and without hesitation of signal red signal green and white colours. The use of Ishihara's plates, shown in good light and a suitable lantern like Edrige Green's shall be considered quite dependable for testing colour vision. While either of the two tests may ordinarily be considered sufficient, in respect of the services concerned with road, rail and air traffic, it is essential to carry out the lantern test. In doubtful cases where a candidate fails to qualify when tested by only one of the two tests, both the tests should be employed.

NOTE (5)—Field of vision—The field of vision shall be tested in respect of all services by the confrontation method. Where such test gives unsatisfactory or doubtful results the field of vision should be determined on the perimeter.

NOTE (6)—Night Blindness—Night blindness need not be tested as a routine, but only in special cases. No standard test for the testing of night blindness or dark adaptation is prescribed. The Medical Board should be given the discretion to improvise such rough tests, e.g., recording of visual acuity with reduced illumination or by making the candidate recognise various objects in a darkened room after he/she has been there for 20 to 30 minutes. Candidates' own statements should not always be relied upon, but they should be given due consideration.

NOTE (7)—Ocular conditions other than visual acuity—(a) Any organic disease or a progressive refractive error which is likely to result in lowering the visual acuity should be considered as a disqualification.

(b) Trachoma—Trachoma, unless complicated shall not ordinarily be a cause for disqualification.

(c) Squint—For services mentioned at 1 and 2 above where the presence of binocular vision is essential, squint, even if the visual acuity is of the prescribed standard should be considered as a disqualification. For other services the presence of squint should not be considered as a disqualification if the visual acuity is of the prescribed standard

(d) One-eyed persons—The employment of one eyed individuals is not recommended.

7. Blood Pressure.

The Board will use its discretion regarding Blood Pressure. A rough method of calculating normal maximum systolic pressure is as follows:—

(i) With young subjects 15—25 years of age the average is about 100 plus the age.

(ii) With subjects over 25 years of age the general rule of 110 plus half the age seems quite satisfactory.

N.B.—As a general rule any systolic pressure over 140 and diastolic over 90 should be regarded as suspicious and the candidate should be hospitalised by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The hospitalization report should indicate whether the rise in blood pressure is of a transient nature due to excitement etc. or whether it is due to any organic disease. In all such cases X-Ray and electrocardiographic examinations of heart and blood urea clearance test should also be done as a routine. The final decision as to the fitness or otherwise of a candidate will, however, rest with the Medical Board only.

Method of taking Blood Pressure

The mercury manometer type of instrument should be used as a rule. The measurement should not be taken within fifteen minutes of any exercise or excitement. Provided the patient and particularly his arm is relaxed, he may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from clothes to the shoulder. The cuff completely deflated, should be applied with the middle of the rubber over the inner side of the arm, and its lower edge an inch or two above the bend of the elbow. The following turns of cloth bandage should spread evenly over the bag to avoid bulging during inflation.

The brachial artery is located by palpitation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below, but not in contact with the cuff. The cuff is inflated to about 200 mm. Hg. and then slowly deflated. The level at which the column stands when soft successive sounds are heard represents the Systolic Pressure. When more air is allowed to escape the sounds will be heard to increase in intensity. The level at which the well-heard clear sounds change to soft muffled fading sounds represents the diastolic pressure. The measurements should be taken in a fairly brief period of time as prolonged pressure of the cuff is irritating to the patient and will vitiate the readings. Rechecking, if necessary, should be done only a few minutes after complete deflation of the cuff. (Sometimes, as the cuff is deflated sounds are heard at a certain level; they may disappear as pressure falls and reappear at a still lower level. This 'Silent Gap' may cause error in reading).

8. The urine (passed in the presence of the examiner) should be examined and the result recorded. Where a Medical Board, finds sugar present in a candidate's urine by the usual chemical tests, the Board will proceed with the examination with all its other aspects and will also specially note any signs or symptoms suggestive of diabetes. If, except for the glycosuria, the Board finds the candidate conforms to the standard of medical fitness required they may pass the candidate "fit subject to the Glycosuria being non-diabetic" and the Board will refer the case to a specified specialist in Medicine who has hospital and laboratory facilities at his disposal. The Medical Specialist will carry out whatever examinations, clinical and laboratory, he considers necessary including a standard blood sugar tolerance test and will submit his opinion to the Medical Board upon which the Medical Board will base its final opinion "fit" or "unfit". The candidate will not be required to appear in person before the Board on the second occasion. To exclude the effects of medication it may be necessary to retain a candidate for several days in hospital, under strict supervision.

9. The following additional points should be observed:—

- that the candidate's hearing in each ear is good and that there is no sign of disease of the ear. In case it is defective the candidate should be got examined by the ear specialist. Provided that if the defect in hearing is remediable by operation or by use of a hearing aid, a candidate cannot be declared unfit on that account provided he/she has no progressive disease in the ear. This provision is not applicable in the case of Defence Services;
- that his/her speech is without impediment;
- that his/her teeth are in good order and that he/she is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- that the chest is well formed and his chest expansion sufficient; and that his heart and lungs are sound;
- that there is no evidence of any abdominal disease;
- that he is not ruptured,
- that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles;

- (h) that his limbs; hands and feet are well formed and developed and that there is free and perfect motion of all his joints;
- (i) that he does not suffer from any invertebrate skin disease;
- (j) that there is no congenital malformation or defect;
- (k) that he does not bear traces of acute or chronic disease pointing to an impaired constitution;
- (l) that he bears marks of efficient vaccination; and
- (m) that he is free from communicable disease.

10. Radiographic examination of the chest should be done as a routine in all cases for detecting any abnormality of the heart and lungs, which may not be apparent by ordinary physical examination.

When any defect is found it must be noted in the Certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate.

NOTE—Candidates are warned that there is no right of appeal from a Medical Board, special or standing, appointed to determine their fitness for the above services. If, however, Government are satisfied on the evidence produced before them of the possibility of an error of judgment in the decision of the first Board, it is open to Government to allow an appeal to a second Board. Such evidence should be submitted within one month of the date of the communication in which the decision of the first Medical Board is communicated to the candidate, otherwise no request for an appeal to a second Medical Board will be considered.

If any medical certificate is produced by a candidate as a piece of evidence about the possibility of an error of judgment in the decision of the first Board, the certificate will not be taken into consideration unless it contains a note by the medical practitioner concerned to the effect that it has been given in full knowledge of the fact that the candidate has already been rejected as unfit for service by the Medical Board.

Medical Board's Report

The following intimation is made for the guidance of the Medical Examiner:—

1. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any, of the candidate concerned.

No person will be deemed qualified for admission to the Public Service who shall not satisfy Government, or the appointing authority, as the case may be, that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him for that service.

It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.

A lady doctor will be co-opted as a member of the Medical Board whenever a woman candidate is to be examined.

The report of the medical board should be treated as confidential and in no case should the candidate declared unfit be informed of the cause of rejection.

In cases where a Medical Board consider that a minor disability disqualifying a candidate for Government service can be cured by treatment (medical or surgical) a statement to that effect should be recorded by the Medical Board. There is no objection to a candidate being informed of the Board's opinion to this effect by the appointing authority and when a cure has been effected it will be open to the authority concerned to ask for another Medical Board.

(a) *Candidate's statement and declaration.*

The candidate must make the Statement required below prior to his Medical Examination and must sign the Declaration appended thereto. His attention is specially directed to the Warning contained in the Note below:—

1. State your name in full (in block letters).....
2. State your age and birth place.....
3. (a) Have you ever had small-pox intermittent or any other fever, enlargement or suppuration of glands, spitting of blood, asthma, heart disease, lung disease, fainting attacks, rheumatism, appendicitis?

or

(b) any other disease or accident requiring confinement to bed and medical or surgical treatment?.....

4. When were you last vaccinated?.....
5. Have you or any of your near relation been afflicted with consumption, scrofula, gout, asthma fits, epilepsy, or insanity?
6. Have you suffered from any form of nervousness due to over-work or any other cause?.....
7. Furnish the following particulars concerning your family:—

[illegible]

I declare all the above answers to be, to the best of my belief true and correct.

Candidate's Signature.....

Signed in my presence.

Signature of Chairman of the Board

NOTE—The candidate will be held responsible for the accuracy of the above statement. By wilfully suppressing any information he will incur the risk of losing the appointment and, if appointed, of forfeiting all claim to Superannuation Allowance or Gratuity.

(b) Report of the Medical Board/Civil Surgeon or D.M.O.
on (Name of Candidate)
(for the post of Junior Scientific Officer in the Ministry of
Defence)

Questions	Answers
1. Has the declaration form been signed by the candidate? ..	
2. Are there any evidence of malformation, congenital or acquired? ..	
3. Is he free from scars and has he the full use of all his limbs? ..	
4. Is there any evidence of acute or chronic disease indicating impairment of health?	
5. Has the candidate been satisfactorily vaccinated within the last five years? ..	
6. Is the candidate free from communicable disease?	
7. Is there any evidence of disease of the nervous system?	
8. Is the hearing good? Are the ears healthy?	

Questions	Answers
9. Are the eyes healthy? Is there any defect of colour perception? Does the candidate suffer from night-blindness? Is the field of vision defective? State the visual acuity?	
10. Is the candidate free from stammer or other serious defect of speech?	
11. Are there any signs of disease of the bones, joints or parts connected therewith?	
12. Is there any important affection of the skin?	
13. Are the heart and arteries healthy? State the blood pressure?	
14. Is there any evidence of a severe degree of hydrocele, Varicocele, varicose veins or haemorrhoids?	
15. Is there any evidence of disease of the respiratory organs?	
16. Is there any evidence of disease of the digestive organs? Are the teeth seriously decayed or otherwise defective? Is there any evidence of Pyorrhoea?	
17. Is the candidate free from hernia?	
18. Is there any evidence of disease of genital organs?	
19. Is the urine free from— (1) albumen (2) Sugar Is the urine otherwise normal? (1) (2)	
20. Is there anything in the Health of the candidate likely to render him unfit for the efficient discharge of his duties in the service for which he is a candidate?	
21. Do you consider the candidate in all respects qualified for the efficient and continuous discharge of his duties as Gazetted Officer (Civilian) in the Defence Service?

Applications are invited for undermentioned posts from Indian citizens and persons of Indian origin migrated from Pakistan with intention of permanently settling in India or subjects of Nepal, Sikkim or Portuguese or former French possessions in India. Age limits relaxable for Government servants except where otherwise specified. Upper age limits relaxable by 5 years for Scheduled Castes and Scheduled Tribes candidates and upto 45 years for displaced persons from Pakistan. No relaxation for others, save in exceptional circumstances, and will in no case be relaxed beyond three years. Qualifications relaxable at Commission's discretion in case of candidates otherwise all qualified. Particulars and application forms from Secretary, Union Public Service Commission, Post Box No. 186, New Delhi. Request for forms must specify name of post and should be accompanied by self addressed unstamped envelope for each post at least of size 9" x 4" indicating thereon name of posts for which forms are required. Closing date for receipt of application with treasury receipt or crossed Indian Postal Order for Rs. 7.50 n.p. (Rs. 1.87 n.p. for Scheduled Castes and Scheduled Tribes) 1st May 1961 (15th May 1961 for applicants from abroad). Commission may remit genuinely indigent and bonafide displaced persons' fee. Separate application with separate fee required for each post. Candidates abroad may apply on plain paper if forms not available and deposit fee with local Indian Embassy. If required candidates must appear for personal interview.

1. Eleven Medical Referees, Employees' State Insurance Corporation, Ministry of Labour and Employment. Posts temporary, but likely to become permanent in due course. Two posts reserved for Scheduled Castes candidates and one for Scheduled Tribes candidate if such candidates are available otherwise all posts to be treated as unreserved. Pay—Rs. 350—25—500—EB—30—600 plus non-practising allowance of 25 per cent of pay, subject to a maximum of Rs. 150/- p.m. (Scale likely to be revised as Rs. 350—350—380—380—30—590—EB—30—770—40—850). (Private practice of any kind will not be allowed). Higher initial pay to specially qualified and experienced candidates. Age—Below 35 years. Qualifications—Essential—(i) A Medical qualification included in the First or Second Schedule or Part II of Third Schedule to the Indian Medical Council Act, 1956. (ii) Post-graduate qualification, e.g. M.D., M.R.C.P., M.S., F.R.C.S., F.A.C.S. (iii) About five years' practical experience as Physician in any institution of repute or in a large industrial concern.

2. One Professor of Bacteriology, Maulana Azad Medical College, New Delhi, Delhi Administration. Post temporary and likely to be retained on permanent basis. Post reserved for Scheduled Castes candidate; if no such suitable candidate available, will be treated as unreserved. Pay—Rs. 1,000—50—1,400 plus non-practising allowance of Rs. 250/- p.m. Private practice of any kind will not be allowed. Higher initial pay to specially qualified and experienced candidate. Age—Below 45 years. Qualifications—Essential—(i) A Medical qualification included in the First or Second Schedule or Part II of Third Schedule to the Indian Medical Council Act, 1956. (Persons possessing qualifications included in Part II of Third Schedule should also fulfil the conditions relating to registration specified in Section 13(3) of the Act). (ii) Post-graduate/Research Degree/Diploma, e.g. M.D. (Pathology/Bacteriology) or Ph.D. (Bacteriology) or Diploma in Bacteriology with special experience in Bacteriology. (iii) About five years' teaching experience as Reader/Assistant Professor or Lecturer in Bacteriology in Medical College.

3. 3 Lecturers (Ordinary Scale) in Electrical Engineering (Electrical Machines 2 and Electrical Power 1) under the Delhi Polytechnic. One post (Electrical Machines) is permanent and the remaining 2 posts are temporary. Posts reserved for Scheduled Castes/Tribes candidate if such suitable candidate is available otherwise treated unreserved. Pay—Rs. 375—25—500—30—590—EB—30—650. Higher initial pay to specially qualified and experienced candidate. Age—Below 35 years. Qualifications—Essential—Degree in Electrical Engineering with one year's professional or teaching experience (or) National certificate in Electrical Engineering preferably in first class from a recognised Institution or equivalent, with about five years' professional and teaching experience.
